## 5 YEAR FLOOD COMMEMORATION

Governor John Hickenlooper has asked to visit Lyons on Thursday, September 13th to commemorate the 5 year anniversary of the 2013 Flood. Town Staff and the Governor's office are working on details, but the Town expects to host the Governor in Phase 1 of Bohn Park, along the river, during the day. Look for more details via the town email updates.

## SCHOOL STARTS

It's back to school time. School is back in session beginning Wednesday, August 15th. Watch for students walking and riding bikes to and from school. Please drive carefully.

## RECYCLING CENTER MOVING TO 2ND AVE.

*Anticipated to move the Mid August.* Due to construction for the library, the Town and associated partners have begun preparation for relocating the recycling center to the south side of the Waste Water Treatment Plant (WWTP) center (198 2nd Ave.). Construction for the new ADA-accessible facility is underway; the Town estimates the move to happen mid August.

The Town does not anticipate any lapse in availability in single-stream recycling between locations - recycling will remain available at its current location, and a new dumpster will be replaced at the new site, upon its completion.

## NOXIOUS WEEDS

Some of the plants include Myrtle Spurge, Japanese Knotweed and Purple Loosestrife. Please do not compost noxious weeds as this will spread the weeds to other locations.
