US-36 CONSTRUCTION

A **30-day full closure** of US-36 at mile marker 8 (west of Lyons on the route to Estes Park) is planned from March 9 through April 10.

This flood project involves installing two major drainage structures under US-36. These permanent repairs are a follow-up to emergency repairs made after the 2013 Flood, and will offer a permanent fix to meet long-term transportation safety and functional standards.

Residents of Pinewood Springs, Big Elk Meadows and Meadowdale Hills are eligible to pick up a rearview mirror vehicle permit that enables daily travel through the work zone during the 30-day closure of US 36 at milepost 8 starting Monday, March 9.
